Description
Looking for someone with experience — but also willing to work with the right person!

The business is located at my house in a beautiful country subdivision. It's just me, my other groomer Abby, and my daycare attendant Ashlyn. If you're looking for a tight-knit, drama-free environment, this is it!

We have some of the highest pricing in the area, we get a lot of good clientele, and free coffee provided by me on Fridays. This job doesn't feel like a job because my home is your home. We have a professional setup and you'll get a brand new table and a toolbox!

The area is right on the Mississippi River, is beautiful, and borders MN!
